

Sisters In Christ Ministries- Announcing "Garden Workshops" Sister to Sister Mentoring reaching women in all Denominations

Sisters in Christ MINISTRIES™

Released on: July 11, 2008, 7:46 pm

Press Release Author: [Creative Web Solutions](#)

Industry: [Non Profit](#)

Press Release Summary: Sisters In Christ Ministries a registered nonprofit (501(c)(3) organization, will now begin to hold work shops that will be a smaller version of their annual Sisters in Christ Women's Conference. "The workshops will be a little informal and a big load of fun. It will have a smaller audience, allowing us the opportunity to interact more with the attendees. Keeping with the Sisters in Christ Ministries vision, we want to reach all women with the message of God's love". Delma Gine, Sister in Christ Ministries Founder and President.

begin to hold work shops that will be a smaller version of their annual **Sisters in Christ Women's Conference**. "The workshops will be a little informal and a big

load of fun. It will have a smaller audience, allowing us the opportunity to interact more with the attendees. Keeping with the Sisters in Christ Ministries vision, we want to reach all women with the message of God's love". **Delma Gine, Sister in Christ Ministries Founder and President.**

Delma Gine has a heart for God's daughters and is deeply committed to compassionately enriching the lives of today's women through God's loving word. In August 1996 God began to burden her with how women today are struggling more than ever with life's demands and find themselves left feeling overwhelmed and tired. Many of them are single moms and /or victims who have lost all hope. He birthed in her a desire to let women know that wholeness and restoration can take place through Jesus Christ. The vision and the mission came quickly and **Sisters in Christ Women's Conference** evolved and was held in February 1997 . Since then the conference has grown in faith, strength and attendance with women from all over the world participating. The boundaries have opened up for us to minister to internationally and the first **Sisters in Christ Women's Conference** was held in Cuba in November 2006.

At the **Sisters in Christ Ministries Women's Conference** guest speakers share personal testimonies of how with God's love and grace they have over come tragedies and obstacles in their lives. This open sharing leads directly to understanding that God was there for them and that God is there for each of us.

"Our mission is to minister to women of all denominations in the hope that they are empowered and inspired to create loving Christian homes and to live Christ centered abundant lives" - **Delma Gine, Sisters in Christ Ministries Founder and President.**

Looking at **Sisters in Christ Ministries** now it has grown from ministering to 100 women to reaching over 1,500. They hold several fundraising/ outreach events to support itself: **Sisters in Christ "Faith Walk", "United in Christ Bike Ride", and the Sisters Café"**. There is a very dynamic **Sisters in Christ Ministry Team** made up of phenomenally gifted women who work diligently in specialized areas in support of the ministry. Their exceptional leadership skills, faith in action and commitment to serve humbly has been instrumental in the management and growth of **Sisters in Christ Ministries.**

"My love for the Lord and desire to serve Him is the focal point in my life. Our goal is to continue to reach women with all the tools of the ministry; Workshops, Faith Walk, Motorcycle Ride and the Conference".-**Delma Gine** To Communicate with Delma Gine about speaking engagements, to schedule a workshop or to learn more about **Sisters in Christ Ministries** contact her at : **Phone: (770) 562-9668**
