

Atlanta's Podiatrist fixing Georgia's foot problems

Released on: August 18, 2008, 3:50 am

Press Release Author: Atlanta's Podiatrist.com

Industry: [Healthcare](#)

Press Release Summary: Foot and Ankle problems in Georgia are now treated by an Atlanta Podiatrist. These doctors are highly specialized in Podiatric Medicine.

Press Release Body: Atlanta Podiatrist for Georgia foot surgery and ankle problems. Professional Foot Care Specialists Atlanta Podiatrist for your feet. In Georgia you will be treated with complete medical surgical care and painless, innovative procedures. Bunions, Heel Pain, and Diabetic Feet can be a thing of the past. An Atlanta Podiatrist in Georgia is a foot care specialist for foot surgery. If a patient suffers from plantar fasciitis, a painful foot injury common to Atlanta runners, they should consider treatment. Your doctor should be knowledgeable about who has practiced sports medicine or podiatry in Atlanta. That's especially true for those who plan to take the approximately 9,300 steps to complete the 6.2-mile Atlanta Journal-Constitution Peachtree Road Race.

A good Podiatrist can diagnose many of the common overuse injuries such as: heel, shin and Achilles tendon pain. Many of these foot problems can be attributed to the wrong shoes. An Atlanta Podiatry

specialist once said, "with three times your body weight pounding on your feet with every step it's important to have the right shoes."

He earned his Doctor of Podiatric Medicine degree from the American College of Podiatric Medicine. Later he completed his residency training in reconstructive surgery of the foot and ankle at an Atlanta Hospital based in Georgia. Your Doctor should be Board Certified by both the American Board of Podiatric Surgery and the American Board of Podiatric Orthopedics. Also it helps if the physician is a Fellow of the American Academy of Podiatric Sports Medicine, the American College of Foot Surgeons and the American College of Foot Orthopedists.

Also, during Atlanta's 1996 Summer Olympic Games, a physician was chosen to coordinate podiatry services in the Olympic Village Clinic. This group of doctors ensure you receive the health care you deserve.
