

Shelko Consulting LLC Selected as Microsoft Dynamics GP (Great Plains)

Released on: October 7, 2008, 7:24 am

Press Release Author: [Shelko Consulting LLC](#)

Industry: [Software](#)

Press Release Summary: Hackensack, NJ – October 7, 2008 – In the ever evolving world of software technology, innovations are happening at the speed of light. And at that speed come the need to stay on top of the business world to keep track with the changing needs of the consumer. And that is what Shelko Consulting, LLC is all about.

Press Release Body: **Microsoft Dynamics GP** is one of the premier accounting software solutions available on the market today. The newest version, 10.0, has a multitude of new features and upgrades

from the last edition. There are also two editions you can choose from, which include Business Essentials and Advanced Management.

A comprehensive software, **Microsoft Dynamics GP** is organized in a series, which includes Financial, Sales, Purchasing, Inventory, Project, Payroll and Manufacturing.

*"When it comes to new software, Microsoft is truly an industry innovator," said **Aric Shelko, president of Shelko Consulting, LLC.** "By providing support and training for Dynamics GP, our clients are reassured that we are offering help for the latest and greatest in customer relationship software. Shelko has yet another option when clients need to resolve an issue."*
