**Press Release Summary: Purchase the 2009 Nissan Murano at Marlboro Nissan in Massachusetts and pay nothing until 2009!**

Press Release Body: **Marlboro Nissan** in Massachusetts is holding one of their biggest sale events of the year. Just in time for holiday shopping, the popular **Nissan** dealer announced 0% APR as well as no payments until 2009! This is one of the biggest events Massachusetts car shoppers have seen in quite some time.

The bold move by the popular dealer came in part to the reluctance of consumers to believe that valuable finance options are still available despite the credit crunch facing many businesses today. **Nissan** shoppers can be assured that these deals are for real, but they won't last long.

Some of the cars offered in the special include the **Versa, Sentra, Maxima and Murano**. There are more models available which can be seen at the dealer's website, <http://www.marlboronissan.com>.

Winter is a great time to get into the family friendly, **2009 Murano**. Safety features on this SUV include four wheel ABS, electronic traction control via ABS and engine management, brake assist system, stability control and air bags with occupant sensors and multi-stage deployment. A full list of safety features included in the **Murano** is available on **Marlboro Nissan's** website.

The **2009 Murano** is available for purchase from \$25,895 with 0% APR. Lease deals for the Murano start at \$239 a month for 39 months (Model #07619 • Stock #24365).

For sport car enthusiasts, **Marlboro Nissan** is offering the **Nissan Altima Coupe** to purchase for \$19,995 with 3.9% APR available (Model #15218 • Stock #24198). Photos of the coupe are available at <http://www.usednissancars.net>
