Press Release Body: **Rhema Roofing and Exteriors:** Storms may not damage your car but can still destroy the integrity of your roof.

Record Catastrophic Hail Storms Strike Tulsa in '07 and again in 08 **Rhema Roofing and Exteriors** Helps families Not Only Rebuild, but Sift Through Complicated Insurance Process

Tulsa ,Oklahoma - November 25, 2008 - **Rhema Roofing and Exteriors**, the premier residential restoration firm in the Southwest, announced today that its Tulsa office has helped home owners throughout the Tulsa area this year not only rebuild, but understand and work through the often complex insurance claims process.

*"Most homeowners do not realize they have hail damage. Why? It is impossible to see damage from the ground," states **Terry Gwaltney**. "Homeowners need a trained professional who knows the difference between nail pops, blistering and hail damage.*

Just because your car didn't get dinged up doesn't mean the integrity of your roof hasn't been compromised. The solution is to have a trained professional examine your roof up close. And since our company offers no obligation free 35 point inspection, homeowners have nothing to lose – with one exception. If homeowners wait and do not file a claim in time, they may have to pay out of pocket."

In addition to offering homeowners great workmanship and great customer service, Rhema has a team of insurance claim specialists that assist homeowners in understanding and working through the often complex insurance claims process. Some appreciative customers from both residential and commercial properties have commented:

*The 5 star customer care program delivered more than promised. **Tim B.***

*Rhema took care of my entire project making a stressful event turn into a great no hassle experience. **Ann J.***

has had to increase its production capabilities this year to keep up with demand. On any given day the company has workers in the area re-roofing homes, as well as helping with siding, gutters, and other exterior trades. With a strong commitment quality control, Integrity has one of the highest customer satisfaction rates in the industry.

About Rhema Roofing and Exteriors. Rhema Roofing and Exteriors is committed to the communities it serves providing employment and resources for long-term cooperative growth.
