Apps4Rent Now Offers BlackBerry Add-on Option with Hosted Exchange Price Plans

Apps4Rent, a leading application hosting provider of premium business messaging and collaboration solutions, has joined the BlackBerry® Alliance Program as a BlackBerry® Solution Provider. Apps4Rent offers a complete Small Business Mobile Solution to customers that includes managed care and hosting of the BlackBerry® Enterprise Solution as well as technical support services.

Apps4Rent's per user pricing for the hosted BlackBerry Enterprise Solution is \$9.95 per month, when purchased with any of Apps4Rent's hosted Microsoft® Exchange plans that start at \$6.95 per month. The service includes a 1 GB mailbox, mobile synchronization, Outlook Web Access, advanced anti-spam and more. As a promotion, Apps4Rent is waiving any set-up fee for new hosted BlackBerry Enterprise Solution subscribers, if they sign up before May 1, 2009. Additional details of the plans can be found at <http://www.apps4rent.com/exchange-mobility.html>.

Apps4Rent has long been a provider of Microsoft Exchange and SharePoint hosting, with industry standard features and 24/7 phone, email and chat support. Through the combination of Hosted BlackBerry Enterprise Server and Hosted Exchange, Apps4Rent can offer customers a best-of-breed integrated mobile solution that's managed and supported by IT experts. The integrated solution provides customers with secure wireless access to Exchange email, contacts, calendars, task lists and scheduling, making communications on-the-go even easier.
