Ridgewood, NJ – August 13, 2009 – Accession Technology announced today that it has been selected as an official Intuit Solution Provider. Accession Technology offers a full range of value-added consulting services for QuickBooks Enterprise Solutions®. QuickBooks Enterprise Solutions is developed by Intuit Inc., a leading provider of business and financial management solutions for small and mid-sized businesses, consumers and accounting professionals.

The Intuit Solution Provider Program will enable Accession Technology to better serve regional clients and build their business through the sale, implementation and service of integrated solutions. The program's lead offering, [QuickBooks Enterprise Solutions](#), is a flexible and affordable business management solution designed specifically for growing businesses. The software helps businesses efficiently input, organize and access the information they need to manage finances, inventory, sales, purchasing and employees and make to key decisions for growth.

"We are very excited to have Accession Technology as an Intuit Solution Provider," said Jim Gregg, director of Intuit's solution provider

program. "Their expertise in re-selling and supporting mid-market business software solutions and their track record for customer satisfaction make them a valuable addition to our Solution Provider network."
