Sky Sports has announced the official Sky Sports Football Score Centre App is now available on the Apple App Store.

Football fans can now get up-to-date match information at their finger-tips from the [Sky Sports](#) Football Score Centre App which has been launched in time for the new season. The new football App has a range of features which have been designed to make it easy for users to track their favourite teams and to be able to view the latest scores from all domestic league and cup matches played throughout England and Scotland, as well as the major European leagues, cups and international fixtures.

Users can select My Scores to follow their favourite team or to keep track of any matches they want to monitor, or they can now simply browse by competition and date for the latest fixtures, results and league tables. Other features include Team Lineups, Player Profiles, Scorecards, Match Statistics and the latest news from [Sky Sports News](#).

The new free [Football Score Centre App](#) is being made available for download from the App Store on iPhone and iPod touch.

Football fans without an iPhone or iPod Touch can also access live Sky Sports action this season on their mobile with Sky Mobile TV which is available on 3G-enabled phones on Vodafone, T-Mobile, Orange and 3 UK.
