Lighthouse Catholic Media, NFP announces that they have achieved the milestone of having distributed over 2.5 million inspiring audio CDs distributed worldwide since their inception in late 2005.

Lighthouse Catholic Media's CDs are distributed two ways: through their FAITHRAISER Kiosk Program displayed in over 2,000 parishes, Catholic schools and missions, and via their popular CD of the Month Club. The CD of the Month Club is a subscription-based service to individuals and parishioners at an amazingly low rate.

What's more, when the parish sponsors the [CD of the Month Club](#) for their parishioners, the parish receives a percentage back for the purpose of funding religious education, or whatever purposes the parish sees fit to utilize the funds. There is no cost or investment for the program, nor is there any administration by the parish; the program, which is both a faith-raiser and true fund-raiser, has grown substantially in the last year.

Recently, [Lighthouse Catholic Media](#) received an endorsement by the archbishop for the US Military Services, Archbishop Broglio, recommending Lighthouse Catholic Media's inspiring Catholic audio CDs to soldiers, sailors and airmen serving in over 450 military bases around the world.
