[Malibu, CA] - Cliffside Malibu, a prestigious alcohol treatment facility on the Malibu coast, has long been a leading light in the California rehab community. Now, the center is pleased to announce its renewed commitment to providing clients with superlative luxury on the road to recovery.

Alcohol treatment is always difficult. Those patients who complete the process successfully are invariably the ones who feel most comfortable in their healing environments, and most supported in their recovery efforts. The best [alcohol treatment](#) clinics, then, are those which most effectively meet the physical and psychological needs of their clients. In the end, there's simply no substitute for a private and luxurious rehabilitation facility.

Those principles, in turn, comprise the core of Cliffside Malibu's luxury treatment philosophy.

With its expert caregivers and posh amenities, Cliffside Malibu is a world-class institution. The center has always catered to an elite clientele. Now Cliffside is expanding its mission, with the goal of delivering the best care on the planet to those individuals who need it. At Cliffside Malibu, nothing less than excellence will ever be acceptable.

"Alcohol treatment is a trying process," said Cliffside Malibu Clinical Director

Patricia Freeberry. "As an alcohol treatment clinic, it's our job to ensure that our clients have everything they need to rise to the occasion. From gourmet meals to personal spa services, we stop at nothing in order to fulfill our obligations."

Cliffside's competitors, meanwhile, can hardly speak so glowingly about their own treatment efforts.

It's easy for an alcohol treatment center to pay lip service to the importance of luxury and elegance. It's hard, though, for that center to live up to its own standards. The truth is that many so-called "luxury" alcohol treatment clinics in California fall far short of the facades they present in their advertising brochures. Unsurprisingly, these institutions rarely help clients achieve meaningful or lasting wellness.

Cliffside administrators, for their part, insist that that sort of failure is unacceptable.

"Alcohol treatment is literally a matter of life and death," said Freeberry. At Cliffside Malibu, we understand what's at stake for our clients, and we believe that it's our responsibility to do everything in our power to help them meet the challenge. To fall short of that standard would be a breach of professional and ethical integrity."

Alcoholism ruins lives. The good news here is that Cliffside Malibu really can help to solve the problem. Cliffside's exclusive alcohol treatment programs have long helped clients heal from the inside-out. Now more than ever before, the center's residents have reason to believe in a healthier and happier future.
