

# Family Forest Fun for Peter Andre at Center Parcs

Released on: November 12, 2009, 10:24 am

Author: [Center Parcs](#)

Industry: [Travel](#)

On 16th October, Center Parcs welcomed Peter Andre and his family to Elveden Forest, Suffolk to enjoy a [short break](#) with his family at the forest retreat. We asked him about his experience at Elveden Forest to see if it lived up to his expectations.

## **Have you ever been to Center Parcs before this visit?**

*No, this was my first time to Center Parcs. I loved every minute of it, with so much for families to do.*

## **Did you enjoy your weekend break at Center Parcs?**

*It was amazing, there was so much choice in the way of activities. You could never get bored and whatever the weather, there is always lots to do as a family.*

### **Were there any activities you particularly enjoyed?**

*We loved the bikes. Junior had his own little bike, and Princess was in a little buggy on the back of mine. My brother Mike and I had such a laugh with the kids cycling through the forest.*

### **What did your children enjoy most during your break?**

*I think the children enjoyed the 'messy play' the most. They were both covered in paint and spaghetti by the end of it!*

### **Did you like your accommodation?**

*The accommodation was perfect for us. We were very comfortable there with loads of room and we had a pool table – so what more could you ask for? It was great space for entertaining in – we had the whole team in the lodge whilst we were filming. My manager Claire cooked dinner for us in there as well – which was great.*

### **Would you bring your family back to Center Parcs?**

*Definitely, hopefully soon!*

During their stay, Peter Andre and his family enjoyed an evening meal at Center Parcs' American themed diner, Hucks, lunch at the Pancake House and afternoon meal at Foresters Inn.

After exploring the forest on bikes, Peter, Princess and Junior took part in the Messy Play and Lets Make It activities at the Time Out Club. Peter also used the gym facilities and had a relaxing massage at the Aqua Sana Spa
