Industry: [Healthcare](#)

The Hospital Group has reported that the number of women choosing to have a lower eyelid lift ([blepharoplasty](#)) has increased by 85% over the past 5 years.

The appearance of loose droopy skin under the eyes can be very ageing and give a "sad" look to your face. Sun and smoking can accelerate the signs of ageing, while others are more prone to inherit the condition.

[Eye bag removal](#) is a common and simple procedure which can deliver dramatic results, making the eye area look more youthful, attractive and alive. The procedure is becoming increasingly popular in men as well as women. The Hospital Group can help you achieve a more bright-eyed, wide awake look.

A spokesperson for The Hospital Group, said: "Over the years people's lifestyles have changed and grown to be far more hectic. As a result of this people become have become heavily deprived of sleep. This, combined with ageing, create eye-bags which many of our patients deem "unsightly".

The Hospital Group is one of the UK's leading providers of Plastic Surgery, number one in Obesity Surgery and Breast Enlargement experts. So whatever your requirements, you're in safe hands!

Since The Hospital Group was established in 1992, it has risen to become the UK's biggest weight loss surgery providers, performing more gastric band procedures last year than the NHS. The Hospital Group is committed to providing the very highest standards and all procedures are performed by an expert medical team in state-of-the-art facilities that are second to none.

For further information of The Hospital Group's range of [cosmetic surgery](#) procedures, surgery-seekers should visit the website www.thehospitalgroup.org or call our patient care coordinators on 0845 762 6727.
