

Platinum Service for A-listers

Released on: December 21, 2009, 12:26 pm

Author: [The Hospital Group](#)

Industry: [Healthcare](#)

Leading cosmetic surgery providers The Hospital Group have launched a bespoke tailor-made service for A-list clients.

The new service, The Platinum Choice launched this month and offers an individual experience with some of the world's best specialist cosmetic surgeons.

Having recently branched out into Europe and the United States of America, The Platinum Choice is the latest expansion to the organisation.

As pioneers in the field of cosmetic surgery, The Hospital Group is the only major company to offer such a facility. From facial transformations, to complete body makeovers- The Platinum Choice offers a unique service where a cosmetic surgeon is chosen based on a patient's individual requirements. The Platinum Choice also offer a number of centres of excellence, worldwide where their procedure is then performed.

David Ross, Chief Executive of The Hospital Group said: "We treat every client who approaches us for surgery individually.

"The cosmetic surgeons we employ are developing new techniques and are always striving to achieve excellence in their field.

"We understand that some patients have particularly demanding schedules and so this is why we have launched this tailor made service.

"We will create a completely bespoke package based on a patient's needs. They can decide on the part of face or body they would like to change and we can then recommend the best surgeon for the procedure and customize the surgery to meet needs and exceed expectations."For that reason, there is no fixed "price list" as every individual has different requirements."

If the exclusive nature of The Platinum Choice is not what you are looking for, then the main website thehospitalgroup.org provides information on standard [plastic surgery](#) services.

The Hospital Group is a UK leader in [weight loss surgery](#) and hair transplantation, they offer a wide range of treatments from gastric banding, bypasses and breast augmentation, as well as cosmetic dentistry, non-surgical treatments and laser treatments.

The Group is committed to providing the very highest standards and all procedures are performed by an expert medical team in state-of-the-art facilities that are second to none. Since The Hospital Group was established in 1992, it has grown from a small pharmaceutical company to one of the UK's foremost weight loss surgery providers.
