Industry: [Healthcare](#)

The Hospital Group has reported that more than 3 times as many women have received a lower eyelid lift than men during 2009.

[Eyelift](#) surgery is a common and simple procedure which can deliver dramatic results, making the eye area look more youthful, attractive and alive. The procedure is becoming increasingly popular in men as well as women. The Hospital Group can help you achieve a more bright-eyed, wide awake look. A spokesperson for The Hospital Group, said: "We operate on far more women than we do men. The number of men opting for cosmetic surgery has definitely increased but the vast majority of our patients are female."

This common [Plastic surgery](#) to correct bags under the eyes is technically called lower blepharoplasty. The procedure removes excess skin and fat in the area beneath the eyes, to provide tauter skin.

The Hospital Group is one of the UK's leading providers of cosmetic surgery, number one in obesity surgery and [tummy tuck](#) experts. So whatever your requirements, you can rest assured in the safe hands of the professionalism and experience that THG has to offer.

Since The Hospital Group was established in 1992, it has risen to become the UK's biggest weight loss surgery providers, performing more [gastric band](#) procedures last year than the NHS. The Hospital Group is committed to providing the very highest standards and all

procedures are performed by an expert medical team in state-of-the-art facilities that are second to none.

For further information of The Hospital Group's range of cosmetic surgery procedures, surgery-seekers should visit the website at Thehospitalgroup.org or call our patient care coordinators on 0845 762 6727.
