The savings announced on the website include a \$3.99 each, offer on five black Canon BCI-21/24 cartridges, which are entirely new!

Additionally, they also offer a \$6.99 starting price on black or color onsite refill for ink cartridges. The brands carried are among the most popular on the market, including Brother, Canon, and Epson, sold absolutely new, in black or color. Their prices are revolutionary in their cost effectiveness, as their

purchase prices start from \$6.99 only. That is not all. They offer these popular brands, at these low prices, in astonishing numbers. These range from buying five and getting an additional piece free, buying nine and getting an additional two pieces free and purchasing twelve thereby acquiring an additional three pieces, absolutely free.

### **Remanufactured Refill Toner**

The administrators of this one of a kind site do not stop there. They offer, in addition to these big saving measures, a customer buying sixteen ink cartridges and receiving five of these absolutely free. And on it goes. Buy twenty, get seven ink cartridges free, purchase twenty

five ink cartridges, get an additional ten free, and the culmination, a buy thirty ink cartridges offer and get, absolutely free, fifteen extra ink cartridges.

### **Ink cartridges**

The ink cartridges by HP available through this website are certified to be compatible with HP printers that are image ready. The ink cartridges are easily installed into HP printers, and can print upwards of two thousand white and black pages. The ink cartridge by HP is designed in such a way that the user will not struggle with it during installation, thus avoiding a messy printer situation. The color cartridges by Hewlett Packard are used in printers that are already image ready, printing forth the highest quality color prints in the business.

One's Epson printer requires ink cartridges made by Epson, and absolutetoner.com has plenty of them in stock. Epson printers coupled with ink cartridges from Epson are great for personal use, home office or for general home use. White and black cartridges made by Epson can print up to and including two thousand five hundred sheets of documents.

### **Ink Refill Cartridges**

Canon makes some of the finest all in one photocopier, scanner and printers. These are often combined with ink cartridges made by Canon, further enhancing the combo machine's ability to photocopy, scan and print over two thousand five hundred sheets. This printer's most attractive feature is its ability to carry out any office's three most demanding tasks, photocopying, scanning and printing and absolutetoners.com canon cartridges provide the ink that produces some of the best results, over and over again. Simple cartridge implementation makes this already attractive office tool even more attractive, making it the choice in most offices. Coming soon are further updates to the inventory list, where more products will be added onto an already expansive inventory of high quality goods.

### **Toner Refill Cartridges**
