A new favor is really spreading the joy and sweetness this year.

The LOVE Cookie Cutter, which is a unique cookie cutter favor offers more than just sweet sentiments. It is a practical favor with a real love streak. In fact, this cookie cutter not only bakes cookies, it spells love every time it creates a

fresh batch.

Perhaps that is why this favor is so popular. Guests love the fact that they are able to make their own cookies with this item. Couples love the fact that it spreads their very same feelings on their special day.

Practical favors with a sweet side have always been popular among couples and guests. The fact that they will not be thrown away and forgotten really makes them seem more

worthwhile. In this case the LOVE cookie cutter will actually be put to work making batches of tasty treats for years to come.

Every fresh batch will also remind guests of your ceremony and your treasured love. That's a big job for a small cookie cutter set, but the LOVE cookie cutters are up to the task.

They are tin cookie cutters that spell the word "love". Each one is shaped in a different letter in the word. It is a creative classic that is a real hit.
